Club Renewal Form

Introductory Statement:

The Student Activities Office (SAO) is glad to welcome you to your first steps in activating your leadership status in Al Akhawayn University through Student Organization Renewal. Student Organizations are the pillars of the AUI community's excellence and identity in campus life as they are entities that provide a shelter for AUIers to develop their inner potential, acquire all forms of knowledge and skills, and be part of a club's legacy through a journey of impacting and being impacted by a group of students driven by passion and dedication to the club's mission.

Your initiative will set the ground for serving the AUI community not only for this semester but for the years to come, thus, sustainability is what we are looking for!

It is why we would like us to know more about your idea and your plan about renewing this project work through the questions in this form in order to guide you in the Club Renewal Presentation you will be giving to the Student Activities Office (SAO) and the Student Leadership Council (SLC) Board.

We are looking forward to welcoming you to the SAO/SLC Family! It is time to show us that you really can do it! We believe in you!

1Renewing Members: *The status of being a renewing member allows to provide a multitude of insights of the club's intended mission from day one to trace its development throughout the semesters. However, the position of a renewing member remains an informal one. This means that it is not an official position; thus, it does not entitle you to any special treatment or intervention in the affairs of board members. Renewing members are subject to the same active members assessment norms just like any members of the club.*
